

SDBSL AGM 2018 – TREASURER'S REPORT

Firstly may I thank all the club representatives for their efforts in ensuring that invoices have been paid promptly to ensure that almost all match fees could be included in the income and expenditure account and also thanks to Paul Weatherer and Mark Silvester for volunteering to act this year and for their prompt auditing of that account.

I am pleased to report that financially the league has enjoyed a stable year and I am able to report a surplus of £406.52 of income over expenditure when all creditors have been paid with the current assets standing at £3134.41.

I have again included the prize money due to be paid out in November as a creditor this year to give a more accurate position of the league's assets.

As some of you will be aware, I have decided to stand down as Treasurer due to other commitments at home and I would like to thank everybody for their support and co-operation during the last six years. I would also like to wish my successor good luck in taking over the role.

Dave Bishop

League Treasurer
